

Updated travel information is available by calling 511 or by visiting [www.ncsmartlink.org](http://www.ncsmartlink.org).

Many roads have debris along the shoulder and in many locations there are sections of pavement that have been washed out. Motorists are advised to use caution and be on the lookout for signed detours and work zones as N.C. Department of Transportation crews work to repair damage.

Motorists can expect delays along I-40 in Haywood County Friday through Sunday and are advised to use the detour route during these peak travel times.

Blue Ridge Parkway information is available at (828) 298-0398.
